## Coppell Bible Fellowship

I (Bob) continue teaching a class on answering your Bible questions. My class starts at 9 AM and runs during the first service. But there was no first service on the last two Sundays in February. This hurt attendance. However, James Hardt has developed a relatively large online presence. On February 25, for example, we had nine people taking part in person and another eight taking part via Zoom.

This class is an excellent opportunity for the whole group to interact.

## GES Seminary Classes Underway

Current classes (and professors) include the second semester of first-year Greek (Badger, Yates), Tough Texts (Vacendak), OT Survey 2 (Sterling), NT Survey (Sterling), Logos Bible Software for Exegesis (Fiess), and Bibliology and Ecclesiology (Wilkin). All classes have ten or more students except for Logos, which has eight.

## Georgia Regional Conference

COLUMBUS, GA (SCHOMBURG ROAD BAPTIST CHURCH)  
FEBRUARY 9-10

Buddy Lamb, my (Ken's) longtime friend, is the church's pastor.

The conference was based on Bob's book, *The Ten Most Misunderstood Words in the Bible*. Kathryn and I covered seven words, with Q&A after each presentation.

Many of the people at the church are huge fans of Focused Free Grace theology. It was great being with them. I also visited Ft. Benning, GA, while in Columbus. I was a chaplain there when I was in the Army. It was great visiting with old friends. The BBQ lunch during the conference was a definite plus!

Many thanks go to Buddy and all the Schomburg Road Baptist Church folks. It was a big success, and we can hopefully do another conference there if the Lord permits and delays His soon return.
