I (Bob) spoke on Joseph's continued suffering and deliverance in Egypt. In the first hour, I discussed Genesis 40. Joseph interpreted the dreams the two prisoners had. He asked the chief butler (cupbearer) to remember him before Pharaoh when he was released in three days. He did not. Joseph's hopes were again dashed. In the second hour, I covered Genesis 41, Pharaoh's dream and Joseph finally being set free.

Ken and Kathryn

From Sept 20-22, Ken conducted a regional conference in Costa Rica at Berean Baptist Church of Coronado. Marco Chavarria is Pastor. The theme of the conference was rewards in the parables. Bernie and Julie Hunsucker, long-time friends of GES, were vacationing in Costa Rica and were able to attend as well. GES has published three books in Spanish, and we were able to provide them to the attendees.

The people asked great questions after the conference. Some commented that they had never heard this doctrine taught.

Ken and Kathryn also flew to Arkansas and met with GES friends and partners including Diane Boring and Loren and Sue Faul.

Bob's Various Ministries

My second-year Greek class on 1-3 John is going great. The students translate about ten verses each week, and then we interact on the meaning of those verses. We have a lot of fun thinking through the text.

My section on soteriology, the doctrine of salvation, is very encouraging. The students, who are from all over the world, ask great questions and make fabulous comments.

My four-week class on soteriology began 9/24. It is great to team teach with Tony Badger (Theology Proper) and Ken Yates (Pneumatology).

Blogs, videos, Sunday school lessons (which will be chapters in an upcoming book on the most important words in the Bible), the magazine, and the OT commentary keep me hopping.

Notes and Letters

Thank you for the work you are doing. It has greatly helped me to harmonize Scripture and have inner peace. May the Lord continue to bless your ministry as you help us to be faithful overcomers and to receive eternal rewards.

The accusation that OSAS gives people a license to sin is a straw man argument. The impossible standards of lordship salvation burn people out and many walk away when they see they can't live up to the requirements. I've never known a person who holds to free grace theology that also believed they had a license to sin.

I live in Panama City, FL. I read the emails y'all send me. I rather enjoy them. With YouTube and y'all's website, I would say I listen to y'all every single day, multiple times a day. Today I finished the current issue of *Grace in Focus* magazine. I love every single article. Thank you.
